

Collaborative Comprehensive Case Guidelines

You must participate in group activities to do well in the class.

1. Your grade for the case is 100% an individual grade based on the group's grade. Your grade will be lowered if your peer review or my assessment of your participation necessitates it; please be an active participant to avoid this scenario.
2. Plan on focused collaborative work for each of the Collaborative Comprehensive Cases.
 - a. Read the Comprehensive Case listed at the end of each of the major sections of the text. Each case is listed on our Schedule.
 - b. You'll be expected to apply the chapters' learning objectives to the situation that the company and its employees are facing.
3. On the Comprehensive Case Group Discussion Boards and in Zoom meetings, you and your team will be expected to have robust discussions about the best approach, strategy, and solution responses to the case questions.
4. Your group's work will be collaborative—Peer Reviews are required.
5. Your group will respond to the case questions for each case listed on the syllabus.
6. You and your collaborative team will share your proposed solution to each case by delivering your Case Solution to the appropriate Case Drop Box on Brightspace.

Use Zoom to collaborate efficiently—see Brightspace Zoom Information.
